MAKIN LABORATORIES

Makin Laboratories

WHO-GMP Certified Third-Party Manufacturing for Nutraceuticals & Herbal Brands

MAKIN LABORATORIES

You Bring the Formula.
We Handle Everything Else.

We manage the full journey from raw material sourcing to manufacturing, quality testing, packaging, and dispatch.
All under one WHO-GMP-certified roof in Madhya Pradesh. We support Indian brands and international markets with a simple promise: **your formula, our facility, our quality systems.**

→ **Raw Material Sourcing** → **WHO-GMP Manufacturing**

→ **Full Quality Testing** → **Packaging & Dispatch**

MAKIN LABORATORIES

Two Ways We Partner With You

Ready Formula

Bring your finished formula, artwork, and packaging requirements. We handle sourcing, manufacturing, quality testing, and dispatch.

Need Development Help

Bring your concept or partial formulation. We refine it for manufacturing scale, then move into production once approved.

MAKIN LABORATORIES

The Same High Standards Every Single Batch

Every third-party order at Makin follows the same quality commitment as every product from our facility. We manufacture under WHO-GMP standards, with in-house QC testing and complete batch documentation.
We serve India and export to Africa, the Middle East, and beyond.
